

# NUMO. Scholarship Programme Libraries und Archives for Refugees from Ukraine

## Short information:

(Status 30.08.2022)

With the support of the Federal Commissioner for Culture and the Media (BKM), the German Library Association (dbv) has launched a scholarship programme for refugees from Ukraine.

**What:** NUMO Scholarship Programme addresses refugee culture and media professionals and supports individual projects in the areas of libraries, archives, media, educational and cultural work, political, cultural and digital education, cultural heritage, the arts and creative industries, cultural exchange and civil society engagement. Projects may be funded that require cooperation with libraries and archives in Germany or to which libraries/archives can make a special contribution – for example by providing workplaces, technical infrastructure or event rooms.

**Who:** Persons can apply who have fled from Ukraine to Germany after 24.02.2022. For the duration of the scholarship, a cooperation with a library or archive must be established.

**How much:** From September to December 2022, the dbv will award monthly scholarships in the amount of 2,000 euros (max. 8,000 euros). In the case of late approvals, the funding period will be shortened accordingly.

**How:** Applications can be submitted online from 01.09.2022 in English or German via: <https://stipendien.bibliotheksverband.de>.  
If needed, you can use a translation programme.

**When:** Applications can be submitted from 01.09.2022. The dbv awards the funds according to an internal selection procedure in accordance with the funding guideline. Since funding is limited, we advise you to apply early. If the amount of the applications exceeds the total amount of the available funding, the date of the application decides on the funding.

**Where:** Detailed information about the scholarship program and the application can be found in Ukrainian, English or German [here](https://www.bibliotheksverband.de/numo-stipendienprogramm-bibliotheken-und-archive-fuer-gefluechtete-aus-der-ukraine):
